

# GREEN LOGIC™ STAINLESS STEEL CLEANER

Streak Free Formula  
Safe For All Metals  
No Oily Residue

## GREEN LOGIC™ STAINLESS STEEL CLEANER RTU

This new, innovative product from Core makes cleaning metal finishes easy. With a biodegradable surfactant blend, mineral oil and emulsifiers, the surface is cleaned and protected against fingerprints and smudges.

- Unique, Safe Formula
- Biodegradable
- Ready to Use
- Streak free
- Recyclable
- Cleans & Protects
- Non-Toxic
- Non-aerosol
- EPA DfE & NSF Programs
- Bottle

### USE IN:

- Kitchen Surfaces
- Stoves
- Elevators
- Shelving
- Refrigerators
- Ovens
- Pantry
- BBQ Grills

Even makes old appliances look new again!

The Green Logic™ brand symbolizes Core Product Co., Inc.'s commitment to green cleaning solutions. At Core, we are formulating for our future by transforming the cleaning industry with innovative, green cleaning solutions.

**Product Codes: GLSS-32 Case of 12**

## GREEN PRODUCTS

### DIRECTIONS

1. Shake well.
2. All spills or soil particles should be wiped away.
3. Spray evenly on surface, as needed. Wipe with dry cloth, preferably microfiber.
4. Protective coating preserves shine.

### APPLICATION

#### Contains:

Water, biodegradable surfactant blend, mineral oil and emulsifiers.

Stainless steel is known for its ability to resist corrosion and rust.

Dirt, dust and grime put stainless steel at a greater risk for corrosion. Proper cleaning will extend the life of the surface.

Although simple soap and water can be used, a common problem resulting from this cleaning method is water spots. Glass cleaners may remove fingerprints, but the best way to preserve the beauty of stainless steel is to use a product specifically made for it.

If there is scratching or if polish is needed, a stainless steel cleaner such as Green Logic Stainless Steel Cleaner will minimize the appearance of scratches, protect against more scratches and removes stains as it polishes the surface. Always wipe any substance applied to stainless steel completely off with a dry cloth or microfiber towel.
