WHY SELL CORE PRODUCTS UBC?

- UBC is not sold in major retailers to compete against - Clorox is in Wal-Mart, Lowe's, Home Depot and most retail stores
- We monitor distribution for customer protection
- Higher margins & free freight means more money in your pocket!
- UBC has higher percentage of Hydrogen Peroxide to boost the cleaning efficiency
- We use a natural essential oil for a fresh pleasant scent

WHY HYDROGEN PEROXIDE WORKS!

Most illnesses start with being exposed to germs and toxins. Hydrogen Peroxide is recognized by the EPA to kill pathogens on hard and soft surfaces.¹ Hydrogen Peroxide is earth-friendly and breaks down into water and oxygen after use without leaving any harsh chemicals behind making it one of the best green cleaners available. It's natural antiseptic and disinfectant properties make it great for use on high-touch surfaces that can be easily transferred from person to person.
